All master programs are successive master programs at P EVORA O1. A following master's program builds on a previously completed bachelor's program **in the same field of studies.**

- Univeristy of Évora offers counseling for students with disabilities and chronic diseases. We assist with finding suitable accommodation (wheelchair users are advised to apply for accommodation as early as possible), we provide information about public transport, access to health care, and about financial support in case of additional disability expenditure on the part of the student. The Office for Students with Special Needs moreover gives information concerning the accessibility of university buildings and helps to move a class to another room, if needed. Accommodated study and exam conditions, e.g. additional study papers for blind and visually impaired students, or extra time to use technical devices during exams can also be arranged.
