

Erasmus+ Programme

Bilateral Inter-Institutional Agreement

Key Action 1

Learning Mobility for Higher Education Students and Staff among EU Member States and third countries associated to the Programme

Information on Digital Inter-Institutional Agreements

The institutions agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. They commit to respect the quality requirements of the [Erasmus Charter for Higher Education](#) in all aspects related to the organisation and management of the mobility, including [automatic recognition](#) of the credits awarded to students by the partner institution as agreed in the Learning Agreement and confirmed in the Transcript of Records, or according to the learning outcomes of the modules completed abroad, as described in the Course Catalogue, in line with the [European Credit Transfer and Accumulation System](#). The institutions agree on exchanging their mobility related data in line with the technical standards of the [European Student Card Initiative](#).

Grading systems of the institutions

Receiving higher education institutions need to provide a link to the statistical distribution of grades or make the information available through [EGRACONS](#) according to the descriptions in the [ECTS users' guide](#). The information will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

Grading scale/Grading criteria	Two main grading scales are used at Mid Sweden University. It is up to the Faculty responsible for each course to decide which scale to use. A list of a student's completed courses may, therefore, contain a number of different grading scales. The grading scale is always specified in the course syllabus. All grades at Mid Sweden University are goal-related; that is to say, a student's performance is assessed based on the intended learning outcomes stated in the course syllabus. A goal-related grade does not indicate how well a student has performed in relation to other students, but instead to what extent he/she has fulfilled the course objectives. The intended learning outcomes describe the knowledge a student is expected to possess at the end of a course in order to receive a passing grade. The grading scales used at Mid Sweden University are listed below: Pass with Distinction - Pass - Fail (The traditional grading scale at Swedish universities.) A-B-C-D-E-Fx-F (Fail). A Excellent, B Very Good, C Good, D Satisfactory, E Sufficient, Fx Insufficient, F Fail. On rare occasions a Faculty can also use Pass - Fail. The letter grades, A through F, should not be mistaken for ECTS grades. Mid Sweden University does not provide ECTS grades, nor do we translate our own grading scales into ECTS grades.	https://www.miun.se/gradingcriteria
